

E-Commerce Website Pages Architecture Blueprint

A Research-Backed Master Plan for Building an Elite, High-Converting & Legally Compliant D2C Brand (Zero Fluff • 100% Functional)

1. Executive Summary & Industry Benchmark

Top-performing D2C wellness brands (**Seed.com, AG1, Ritual, Kapiva**) operate as a *'Trust & Conversion Engine'* rather than a cluttered 200-page catalog. Every page must strictly serve one of 4 commercial goals: **Conversion, Clinical Trust, Post-Purchase Ops**, or **Legal Compliance**.

1. Conversion	2. Clinical Trust	3. Post-Purchase Ops	4. Legal Compliance
Guiding buyers from problem awareness to frictionless checkout.	Proving raw cold-pressed purity, NABL lab tests & medical credibility.	Automated order tracking & WhatsApp VIP nutritionist onboarding.	Mandatory consumer policies for Razorpay & Meta/Google Ads approval.

2. Complete E-Commerce Page Map (Sitemap Matrix)

Route	Page Name	Category	Strategic Commercial Purpose	Status
/	Homepage	Core Funnel	Master Hub: Hook, Kit Builder, Nutrient Radial, 30-Day Protocol, Reviews & Vault.	Completed
/product/[handle]	Dynamic PDP	Core Funnel	3D bottle view, ambient glow, variant picker, subscribe & save 10%, live delivery date.	Completed
/thank-you	Order Receipt	Core Funnel	Order receipt dossier with live ID, 24h dispatch badge, and 1-click WhatsApp VIP onboarding.	Completed
/science	The Science Dossier	Authority & Trust	Sub-40 C cold extraction story, heavy metal NABL certificates (0.00% Lead/Hg), absorption index.	High Priority
/quiz	Apothecary Quiz	Conversion Engine	3-step routine recommendation engine. Dedicated high-converting landing page for Meta/Google Ads.	High Priority
/track-order	Shipment Tracker	Operations	Live tracking by phone number or AWB number. Reduces customer support tickets (WISMO) by up to 60%.	High Priority
/contact	Support & Desk	Compliance & Trust	WhatsApp doctor concierge, verified phone/email, office address & Grievance Officer details.	Standard
/privacy-policy	Privacy Policy	Legal Compliance	Data protection, SSL encryption, cookie policies. Prerequisite for Payment Gateways & Ads.	Mandatory
/terms-of-service	Terms of Service	Legal Compliance	E-commerce terms, accurate pricing, FSSAI nutraceutical disclaimer & legal liability shield.	Mandatory
/shipping-policy	Shipping Policy	Legal Compliance	24h dispatch SLA, 3-5 days delivery, free express shipping threshold (Rs. 999+), COD terms.	Mandatory
/refund-policy	Refund & Return	Legal Compliance	30-Day empty-bottle money-back guarantee, doorstep pickup, and 5-7 day bank/UPI refund SLA.	Mandatory

3. Detailed Blueprint of High-Value Pages

Here is the precise structural blueprint for each new page to ensure maximum conversion and zero fluff:

■ A. The Science & Sourcing Dossier (/science)

Primary Goal: Convert skeptical, health-conscious buyers into lifelong customers by proving clinical purity.

- **The Aqua Cultivation Story:** Pure sunlight & alkaline bioreactors vs contaminated open ponds.
- **Sub-40 C Cold Extraction:** How low temperatures protect vital Phycocyanin & Chlorophyll enzymes.
- **NABL Third-Party Lab Reports:** Live interactive certificate showing 0.00% Lead, Mercury, and Arsenic.
- **Medical Advisory Roster:** Detailed profiles of Dr. Rajesh Joshi, Dr. Ananya Sharma & Dr. Vikramaditya Patil.

■ B. The 1-Minute Routine Finder Quiz (/quiz)

Primary Goal: Solve the customer's dilemma ('Powder or Capsules?') and drive high-converting paid ad traffic.

- **Step 1 - Primary Objective:** Sustained Energy, Gut & Immunity, or Glowing Skin & Hair.
- **Step 2 - Format Preference:** Active Raw Smoothie Powder vs Odourless Vegetarian Capsules.
- **Step 3 - Lifestyle Profile:** Working Professional, Active Athlete, or Daily Wellness Seeker.
- **Result Output:** Tailored product recommendation + 1-click Add to Cart + Free Doctor Consultation on WhatsApp.

■ C. Real-Time Shipment Tracker (/track-order)

Primary Goal: Drastically reduce customer anxiety and post-purchase support queries (WISMO tickets).

- **Quick Lookup Form:** Instant search using Mobile Number, Order ID (SUJATA-XXXXX), or AWB Tracking Code.
- **Live Timeline Stepper:** Order Confirmed -> Priority Packaging -> Dispatched via Express -> Out for Delivery -> Delivered.
- **Courier Integrations:** Direct API hooks for Shiprocket, Delhivery, Bluedart, and India Post.

■ D. Customer Support & Practitioner Concierge (/contact)

Primary Goal: Complete Indian E-Commerce legal compliance while offering friction-free support.

- **1-Click WhatsApp Support:** Direct chat with certified Ayurvedic Vaidyas for dosage queries.
- **Support Contact Card:** Email (support@sujatanutrilive.com) and Phone (+91 98765 43210, 10 AM - 6 PM).
- **Grievance Officer:** Statutory disclosure mandated by Consumer Protection (E-Commerce) Rules, India.

4. Legal & Compliance Pages (Payment Gateway & Ads Prerequisite)

Payment Gateways (Razorpay, Cashfree, PhonePe) and Ad Networks (Meta Ads, Google Merchant Center) **strictly reject websites without these 4 dedicated policy pages** in the footer:

Policy Page	Key Required Clauses & Disclosures	Why It Is Mandatory
Privacy Policy /privacy-policy	Data collection terms, 256-bit SSL encryption, cookie policies, WhatsApp communication consent, no third-party data selling pledge.	Mandatory for Meta Ads Pixel, Google Analytics, and Payment Gateway merchant onboarding.
Terms of Service /terms-of-service	User agreement, accurate product pricing, intellectual property, medical disclaimer (FSSAI nutraceutical, not prescription drugs).	Indian Consumer Protection E-Commerce Rules & legal liability protection.
Shipping Policy /shipping-policy	24-hour dispatch commitment, standard 3-5 business days delivery window, free express shipping above Rs. 999 / Rs. 1500, Cash on Delivery (COD) rules.	Required by Google Merchant Center and payment aggregators to prevent dispute chargebacks.
Refund Policy /refund-policy	30-Day Empty-Bottle Money-Back Guarantee details, doorstep pickup procedure, 100% bank/UPI refund SLA within 5-7 business days.	Essential for building buyer confidence and passing payment gateway risk audits.

5. What to AVOID (Anti-Bloat & Zero-Pasaara Policy)

To ensure the website remains ultra-fast, clean, and focused on pure sales, we strictly avoid:

- **Complex Password Login Portals:** Standard password logins cause high cart abandonment. D2C stores use OTP or direct Shopify checkout.
- **Low-Quality 50+ SEO Blog Spam:** Bloats site maintenance. Instead, high-intent scientific education on PDP & Science page converts better.
- **Irrelevant Corporate 'About' Pages:** Health consumers care about purity, ingredients, and clinical backing, not corporate buzzwords.

6. Phased Implementation Strategy

Phase	Deliverables	Target Business Outcome
Phase 1: Core Funnel	- Homepage (Zone 1 to 6) - Dynamic PDP (/product/[handle]) - Thank You & Receipt (/thank-you) - CartDrawer + Shopify Checkout	100% Completed & Verified
Phase 2: Authority & Conversion	/science (Purity, Extraction & Reports) /quiz (Routine Recommendation Engine)	Immediate conversion uplift & Meta Ads landing hub.
Phase 3: Operations & Support	/track-order (Live AWB Tracking) /contact (Practitioner Concierge & Desk)	Drastic reduction in WISMO support load & trust boost.
Phase 4: Legal & Compliance	/privacy-policy /terms-of-service /shipping-policy /refund-policy	Full readiness for Payment Gateways & Google/Meta Ads approval.

Summary Note

By following this structured blueprint, Sujata Nutrilive will possess the exact lean, high-performing digital footprint of a multi-crore modern D2C brand — zero bloat, flawless compliance, and engineered for maximum conversion.
